May 31/June 1, 2036 Shavuot To May 23/24, 2037 Shavuot

King of the North (aka the new ruler of the world as the prince of the people) wins the battle. He makes a covenant with many for one week (year).

He supposedly is 'fatally' wounded and 'resurrected.

Around the world, people marvel at the 'miracle' of their One World Gov't. leader.

In retaliation in the 'midst of the week' the King of the North stops the sacrifices and offerings by setting up an abomination on the altar in Jerusalem. March 1, 2037
